## ABOUT MR VIG

Mr Vig is a blog for adults who speak English but are not yet fluent.

It was created by American English teacher Ryan Viguerie.

[Go to MrVig.com](https://www.mrvig.com)

This is a list of 1,700 words.

But they're not just any words.

These words were taken from business magazines, business school text books, and business websites.

A lot of words, in fact.

64 million, to be exact.

And the words that are the most common are the words you have here.

If you know these words, plus the 2,400 words in my Super Words list (available at [MrVig.com](http://MrVig.com)), then you will know 97% of the words used in business communication.
